Updates around Immigration Courts and Agencies on COVID-19

ICE Offices at 630 Sansome and ISAP offices at 325 Pacific:

- As of March 18, 2020, all ICE check-ins at 630 Sansome St. and ISAP check ins at the offices at 325 Pacific are being rescheduled.
- Case specialists should be calling individuals to tell them not to report in person. Rescheduling notices will be sent to individuals and most check-ins in the near future will be done telephonically.
- Home visits by ISAP are suspended until further notice
- ICE enforcement actions are expected to continue. However, on March 18, 2020, ICE stated publicly that enforcement will be focused on people who are considered “public safety risks” or have criminal convictions for certain types of crimes (this includes most felonies, violent crimes, theft related crimes, firearms offenses and even minor drug related convictions)
- On March 18, 2020, ICE stated publicly that they will not carry out enforcement operations at or near health care facilities, such as hospitals, doctors’ offices, accredited health clinics, and emergent or urgent care facilities, except in the most extraordinary of circumstances.

Recommendations to clients/community members:

- Do not go to 630 Sansome or 325 Pacific if you have a previously scheduled check in. Wait for a notice or a phone call with instructions on rescheduling.
- If you have questions about reporting or need to update ICE with your contact information (phone number and address), email at SanFrancisco.Outreach@ice.dhs.gov or by calling **(415) 844-5512**
- Community members may still enter 630 Sansome to pay bonds for detained individuals, but only the person paying the bond will be admitted into the building. We recommend that a US citizen go to pay bond.
- Community members should not avoid seeking medical care because they fear civil immigration enforcement.
- If ICE officers come to your home, call the SF Hotline at **415-200-1548**.
 - Do not open the door
 - Tell them to slip the warrant under the door.
 - The warrant is only valid if it's signed by a U.S. judge & if the date, address is correct.
 - Please call the hotline as soon as possible so that we can:
 - Fill out an intake to have your information in order for us to be able to provide emergency legal representation in the situation that someone was detained
 - Send verifiers & document/record everything that is happening.
 - ICE will notice that they are being recorded, & our hope is that they will leave after noticing, since 90% of the time they do not have a valid/judicial warrant
